

Public Announcement for International Medical Training Program 「2018 Korea-Mongolia Seoul Project」

The Korea-Mongolia Seoul Project is a training program provided by the Korea Health Industry Development Institute(KHIDI), where the Institute invites medical practitioners from Mongolia to participate. This program has been organized in view of Korea's efforts to increase its inbound foreign patients and expand the overseas operation of the Korean medical industry. This is a call for applications for 2018 Korea-Mongolia Seoul Project. We look forward to the participation and support of medical practitioners (outside Korea) who are interested in the program.
